

METHODIST MECCA.

Pilgrims to Visit the Birthplace of Wesleyism

AFTER THE FOURTH OF JULY.

Hundreds of Methodists will sail for England and the Scenes of the Early Days of the Church--The Epworth League Heading the Movement. Cheap Passage.

New York, May 20.—Not unlike pilgrims of old who journeyed across Europe and Asia to the tomb of Christ, an organized body of American crusaders will this year sail from New York to the spot celebrated as the birthplace of the Methodist religion. It is known as the Epworth League. The name of Epworth is of peculiar significance to the Methodist. It was there that Susannah Wesley, the youngest of twenty-four children and the mother of nineteen, formed the first Epworth League. There the Wesleys were born.

To this historic spot, which is sacred to the Methodists all the world over, the pilgrims from America will voyage. They will go on the steamer Bothnia; and it is thought that this great vessel will not hold all who will want to join the pilgrimage, and so the City of New York will be also called into the service.

The idea of the European pilgrimage originated in the mind of the Rev. James T. Docking, of Boston University. He has for two years pushed forward the founding of leagues in the cities of the United States, and, in fact, in every community where there is a Methodist church. He has met with much encouragement. The leagues have sprung up with marvelous rapidity. An ocean voyage, with a chance to see London, hear her preachers, look upon her temples, the Houses of Parliament, Westminster Abbey and, most of all, Epworth, has such promises that when the date of the voyage was determined upon and the arrangements made hundreds of applications flowed in.

Dr. Docking, just returned from the National Convention of the League at St. Louis, chatted with a *Continental* reporter about the pilgrimage. He is a young man who has a very genial face for a doctor of divinity.

"It is going to be a tremendous success," said he. "We can hardly take care of the many applications for passage that come in. The president of each league in the country, together with some of the members of each, will be of the party."

"It will be composed of ladies and gentlemen from all parts of the United States. No such pilgrimage has ever been attempted before. The party will assemble in New York on July 7. They will meet in the New Book Concern rooms, and a reception will be tendered to them by the city clergymen. The next morning, July 8, the party will sail out of the harbor. They will be addressed in London on their arrival by noted divines, including General Booth and C. H. Spurgeon.

"Between London and Liverpool the party will be addressed by Gladstone, and given a handsake with the grand old man. The whole trip, lasting four weeks, will cost but \$120. Those who go to the Continent afterward will, of course, have to pay more."

As the presidents of nearly all the Epworth leagues are ministers, the majority of the members of the party will be clergymen. Dr. Docking will be at the head of the pilgrimage. A special committee in London will receive the excursionists.

METHODIST DEACONESSES.

Honors Conferred on a Class of Trained Women in New York.

New York, May 20.—The first woman to complete a two years' course of study and work in the New York Deaconess Home and Training School of the Methodist Episcopal Church was consecrated a deaconess last night by Bishop Ad-drows.

The ceremony took place in the Park Avenue Methodist Episcopal Church, in the presence of a large congregation. Diplomas were also awarded to seven of the graduates of the training school, who have studied one year in the institution and who have yet another year to serve on probation before they can become deaconesses.

Last night's service was in celebration of the second anniversary of the Home and Training School. The congregation of the Park Avenue Church have taken a keen interest in both institutions, and had many representatives present.

The Rev. Dr. M. D. Crawford, pastor of the church, presided, and the Rev. Dr. Charles L. Thompson of the Madison Avenue Presbyterian Church made an address, in which he outlined the duties of deaconesses and eulogized the services of women in church work.

"Women," he said, "are giving their services to the Christian church just as well as men. They show that they can do as good work in their own special fields as the clergymen are doing in their particular spheres. The usefulness of woman in all walks of life is becoming more and more apparent with the march of civilization. She can manage large sums of money as well as her brother, and we seldom hear of her going to Canada with the cash."

Dr. Crawford then awarded the diplomas to the seven graduates. The latter were dressed in black, with striped linen collars and cuffs. They wore no head dress. Each had a small spray of lilies of the valley in her corsage. The ages varied from twenty-three to thirty-three years.

The candidates rose from their seats and stood in a row at the head of the middle aisle, while Dr. Crawford delivered a brief address, at the close of which he handed each her diploma.

The graduates are: Mahala Buckwalter, Mt. Eaton, Ohio; Ella N. Dealing, Carthage, N. Y.; Genevieve Gates, Cambridge, Vt.; Clara M. Hicks, Ashton, N. Y.; Ella Anthony Lewis, New York Deaconess Home; Carrie I. Piergon, Westfield, N. Y.; Sarah E. Pike, Factoryville, Pa.

At the conclusion of this part of the proceedings Bishop Andrews conferred the license of deaconess on Mrs. Luella H. Jenkins, of Wilkesbarre, Pa.

Mrs. Jenkins is about thirty-four years of age, and has been a trained nurse in one of the city hospitals. She was dressed similarly to the graduates who received the one-year diplomas, except that she wore the white cap of the nurses.

We have both used "Mother's Friend" and find it to be one of the best medicines in the world, and would not be without it in confinement for any consideration. Mrs. SARAH E. VINCENT, Mrs. MARY A. LUCK, Rock Run, Ala.

DR. BRIGGS ANSWERS

To a Series of Questions—Satisfactory to the Union Theological Seminary.

New York, May 20.—At a recent meeting of the Union Theological Seminary a series of questions were presented to Prof. Briggs, which were sent to and answered by him. He answered every question in the affirmative with the exception of two. The questions covered every point relative to belief in the Bible and its teachings. The two questions answered negatively were:

"Do you consider the Bible, the Church and reason as co-ordinate sources of authority?"

"Do you hold to what is commonly known as the doctrine of future probation; do you believe in purgatory?"

Though these two were answered in the negative, the Board met and resolved that his answers were satisfactory, and they hoped they would help to correct the misapprehension existing in which the Church is so unhappily involved.

ANOTHER RELIGIOUS SENSATION.

Indications That There Will be a Protest Against Dr. Brooks' Consecration.

New York, May 20.—Indications point to the fact that a general movement of Episcopal clergymen throughout the country will be made against the consecration of Bishop-elect Brooks, of Massachusetts. Bishop Potter has decided to act immediately in Dr. Heber Newton's case. Bishop-elect Brooks is not only in sympathy with Dr. Newton, but would oppose a trial. He is quoted as saying Father Ignatius was a coarse, vulgar, impertinent fellow, and Dr. Newton had a right to interpret according to his own judgment. The committee of the Episcopal diocese reports it has unanimously refused to give consent to the consecration of the Rev. Dr. Brooks, as Bishop of Massachusetts.

The Bait Brith Association.

St. Louis, Mo., May 20.—A communication has been received by the Bait Brith Association from Cincinnati lodges, asking for action on the expelling of Jews from Russia. The Association will meet next year in Cleveland, Ohio. The following officers were elected for the ensuing year: President, J. M. Heims, of Indianapolis; First Vice President, Jacob Probst, of Cincinnati; Treasurer, Morris Bauer, of Cincinnati; Secretary, A. Abrahams, of Cincinnati.

A Convict Killed.

BIRMINGHAM, ALA., May 20.—Clayton Lloyd, a desperate white convict, serving a sentence of twelve years for attempting to poison his family so he could marry a prostitute, attempted to escape last night by setting fire to the lattice work around the closet, which he had saturated with oil. He was suspected, and as he struck his second match the guard fired, killing him instantly.

The Strike in Washington.

SEATTLE, WASH., May 20.—Everything is quiet in the coal mines at Franklin, though a large force of guards is maintained. Many of the imported negroes have been put to work, but the white miners are firm. Last night shots were fired at a train carrying the sheriff and deputies, but no one was injured.

Too Much Faith in his Soldiers.

WALLA WALLA, WASH., May 20.—State's Attorney Blandford testified before the Court of Inquiry that the officers at the fort were warned the soldiers intended toynch Hupt. Colonel Compton replied that he had no more idea his soldiers would sack the jail than would the members of the Episcopal church.

A Mystery Clearing Up.

CHICAGO, May 20.—The dead body of a man whose description tallies almost exactly with that of the missing H. Joy Hanchette, who came here from California in charge of the orange carnival, was taken out of the lake this morning. The friends of Mr. Hanchette have been notified.

The Lumber Dealers' Win.

New York, May 20.—The boycott which was declared by the labor unions against certain lumber dealers in this city, was declared off last night, and business was resumed to-day. This is regarded as a complete victory for the Lumber Dealers' Association.

What a Cow Did.

TORONTO, ONT., May 20.—A cow derailed a freight train on the Chaudian Pacific light. A former named Ferguson and Engineer Robert Johnson were instantly killed. William Little and W. G. White, brakemen, were both seriously injured.

Rain Badly Needed.

JACKSONVILLE, ILLS., May 20.—The Hessian fly has made its appearance in this locality in great quantities, and is causing alarm. The hay crop will be a total failure unless rain falls very soon.

A Terrible Death.

CINCINNATI, O., May 20.—Rev. R. J. Hamilton, of Homestead, Pa., a delegate to the Baptist convention, was killed this morning while passing a new building, from which a large stone fell, striking him on the head.

Fatal Explosion.

CLEVELAND, O., May 20.—By a powder explosion in a coal mine near New Philadelphia, O., yesterday morning, John Groff was killed and his brother Edward fatally injured.

Another Victim Dies.

New York, May 20.—Another unknown Italian who was badly hurt yesterday in the explosion at Tarrytown died early this morning in Bellevue hospital.

The readers of the INTELLIGENCER will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

THE POOR LOVER TURNS.

He Could be a Nephew to Miss Hilder, but Nothing More.

Doston Herald.

He had finished his introductory remarks and was about to propose, when he discovered that his proposal would be treated with contempt.

"Go on, Mr. Sprigger," she said, impatiently tapping her foot on the carpet as he paused in his remarks.

"I was about to say, Miss Hilder," he continued, "that I am aware that the human heart, especially a woman's, is a delicate thing, and I come to-night to correct a wrong impression which you have been under for some time, I think."

"To be plain, Miss Hilder, because I do not wish to cause you future suffering, let me state that I have never cared enough for you to ask you to link your lot with mine; therefore do not think that I can return the love you bear for me."

"My attentions to you have been prompted purely by a friendly feeling, nothing more. But I trust this will not mar our friendly relations," he said, taking his hat to go, "for remember you will ever have in me a true friend. Be assured I shall always be a nephew to you."

Probably.

And she was so dumb with surprise and anger that she didn't say good-by to him when he bowed himself out.

Irene—Do you mean to say Maud is going to marry that ugly, fat, old man who took her out to supper just now? Laura—That's what everybody says. "What a bitter pill he must be!" "No; he's sugar-coated. He is a wealthy confectioner."

Better than Nothing.

She—There is a button almost off your coat. You must allow me to sew it on. He—Oh, no, indeed. I know that my tailor is longing to do it. She—I suppose he wants to get the coat back.

Always There.

Old Cynic—That girl hasn't a pretty smile. Innocent Pupil—Why, she hasn't smiled once since we've been looking at her.

Not Old Enough.

"Fingers were made before forks," remarked Miss Elder, at the table. "Mine weren't," replied Miss Flipp, spitefully.

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large proportion of cases can be cured. Thus Mrs. Elmira Hatch, of Elkhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering twenty years. S. C. Linburger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure, which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by the Logan Drug Co. DRY ITCHING SCALES THAT CRACKED AND POPPED OPEN.

LINDLEY, STEUBEN CO., N. Y., April 11, 1890. FOSTER, MILBURN & Co., Buffalo, N. Y.

GENTLEMEN:—When about ten or twelve years old I was troubled with cracks across the palm of my left hand, and when they healed the trouble broke out on my head, and every winter it would come out as a sort of tetter and make scales all over my head. I have not been free from it a single winter since, but it was worse last winter after I had the grippe, for then it came out in spots all over my body. I had a doctor examine me, and he told me that there was no cure for me. I got worse and worse. Scales would form over the sores and then dry out and they would crack and pop open, showing a watery matter. My skin was all like a dry wrapper. It felt as though it had dried on me. The scales were so bad that they would collect in the bed and have to be shaken out. It was about this time that I commenced using B. B. B. I was so bad that I was ashamed to take my hat off before a neighbor. I had used five bottles of another medicine without noticing any effect; but when I commenced to take B. B. B. the sores came out thicker than before, and they burned like fire; they were immense blotches of fire that would burn so I could not sleep. The way they burned and itched can not be told, and I hope no one else may ever know from experience. The only relief I could get was from washing the sores with some B. B. B.

I stuck to the medicine and was on the fourth bottle before I could see that I was really better, although I knew that it was better to get such rottenness out of my blood than to have it stay there. I did say once that I wished I had never commenced taking B. B. B., but my wife encouraged me, and to-day I thank her for the advice, for I am in good health now, and I don't believe I ever would have been with my blood in such a condition as it was.

My scalp now is clean and clear of all scales and tetter, and on my body there are only small spots to show where the sores were, and these spots are free from scales. I do not doubt but that the cure will be perfect.

I am now on the sixth bottle and will take more until every spot is gone. I firmly believe that Burdock Blood Bitters will cure the worst disorders of the blood, for such certainly was mine.
